

PCC Board Room
MACURH 2007

Friday, October 26, 2007
11:00pm

Introduction of Kayln Williams, ADP, (CHAIR) and Benjamin White RCC-South
(PARLIMINTARIAN/MINUETS)

ROLL CALL:

University of Missouri St. Louis
University of Missouri-Rolla
Missouri western State University
University of Minnesota -Morris
University of North Dakota
University of Nebraska Kearny
North Dakota State University
University of South Dakota
Truman state
North West Missouri State University
University of Missouri- Columbia
Webster University
Kansas state Manhattan
College of St. Scholastica
Creighton University
St. Cloud State
Missouri State University
University of Northern Iowa
University St. Thomas
University of Iowa
Umtc
Iowa state
Drake University
Winnonia state

ICE BREAKER

Introduction of the PCCs with fun facts about them

Expectations of PCCs

ADP - How many people do not get the e-mails? Contact sheet was sent out to the entire group of pccs.

AIM Chats are every two weeks, open forum where we can meet face to face so that people can get the information that comes up.

Three main expectations,

Communication-emails, please respond to e-mails within 24 hours. (PCCs consented to this.) Come to chats and or submit to the newsletter. Good programming ideas in the newsletter with contact information

Use Kayln as a resource. She will use her resources to answer questions

Expectations for Kayln:

USD- Advice-depends on the situation,

Northern Iowa- very strong majority that don't know what they are supposed to do, help us figure out what exactly they have to do and get them into the community

USD- Ideas for programs.

Winnonna state- More ideas about diversity and culture programs. There aren't many that can be done and the same ones are

UI- Links to databases. Figure out for other students who may not have a great idea of what they need to do.

Northern Iowa- follow by the expectations that you expect us to uphold

UMR- PCC Retreat? Speak with the RBD about pcc retreats. Not an option now, but I will work on it.

Winnona State- PCC Chats with the entire region? It is.

Morris- Free hugs...? Kayln will give out free hugs to anyone.

Clarifying what the PCC is

ADP- A lot of you are new, lets start talking about what does a pcc do

UMR- Act as programming guru for the campus. By specifically knowing your resources and how to share them with your college.

USD- being able to implement programs to make campus life better and more integrate people into the society of programs.

Morris- delegate committees.

Rolla- at our conference we split up the programs that they attend so that the most information is brought back to our campus. This is a great way of bringing people camps

UnI- act as the main human database for those actually doing the programming

UMTC spear head the programs and create new ideas and spread them to new ideas

UNI help improve on campus living through active and passive programming

USD Programming communications coordinator

ADP- How can a pcc impact campus programming?

UnI get in touch with your RAs so that they can get an idea of what other programs are happening

USD give the ras your information, give them access

Rolla when it comes time for programs blurbs ask the ras to get involved, so that they can see what other people are doing, making yourself resource to the ras

UnI getting feedback from the RAs so u can serve them better

CSS have a member of the ra team as a member of the RHA team.

ADP- What makes a pcc important and how are you different from the programmers?

UMR- we have the connections

Winnonia State- more resources than RAs, and can give them a lot of resources

UNI more centralized source of knowledge for programming

UMTC has the ability to host campus wide programming.

USD able to get in touch with people if you having trouble with programming.

UM Columbia- as a pcc your job is more focused on programming, as an ra you have that and a lot of other things to do, rather than being MORE connected you are really connected differently

Morris- learn how to communicate in boardrooms, you must learn how to communicate calmly with others when issues arise.

MO State- important part of coordinating aspect its important to coordinate and tailor the specify needs to your campus.

SCSU we are very selfless, we work for the students, we will put on an activity that we know more people will come to, even though we know we have other responsibilities.

More interested in how the residents are doing, rather than themselves.

Winnona state- we can collaborate more and spend more money than cas and ras.

Regional Philanthropy

Q: ADP- Who brought pop tabs this year? A: A lot of people.

ADP- Last year we wanted to change this regional philanthropy. Its hard to find something that worked for all campuses.

Morris- send letters to solders who were serving in the armed forces, but the political aspect of it was very hard to get over.

ADP- something about a regional text book exchange

Mo State- dropped off their donations of pop tabs to places on their campus

USD- penny wars is used on our campus

Morris- Darfour was brought up at the last meeting.

ADP- do we want to stay with pop tabs?

UNI- If its not broke don't fix it, but at the same time don't stop brainstorming new ideas.

UMR- Penny wars, it was combined with pop tabs at one time, you can combine some ideas to do more.

ADP- concern with funds is finding a place to donate that is accessible to everyone.

UI- Habitat for Humanity is either funding or actual work hours

UNI- donate supplies to Habitat for Humanity. Many different ways for providing services, charity work.

Morris- idea for penny war idea. What if we did penny wars on campus and donated money to Humane Society and they gave a receipt back to RBD

USD- you could split up the money if you wanted to, give it to a better cause

UNI- food banks are a good idea too.

ADP- do you want right now to stick with pop tabs and then bring it up at No Frills?

PCCs- Yes.

ICEBREAKER

ADP-Who is excited for joint boardroom for tomorrow? Who has read all the bids they need to read? NCCs should have the bids.

In joint board room for POY and SALT you are all in control with placards and voting rights, you will need to yield to your ncc. You must be in the boardroom at 8 am

Truman State- I am presenting a program at 8:30.

Morris- both me and my ncc are doing a program during boardrooms...what do I do.

ADP- we will talk later

Ben- Does everyone understand what a board room will entail?

Ben went on to explain what was going to happen in the board room and who will have rights and when they would be allowed to leave for their programs if they had to do one.

ADP Ended the meeting.
